29th October 2014

Dear Duncan,

Thank you for your application to the Caredoc Ethics Committee for your research project ADAM. Your application to

- 1) Complete research using anonymous data from the Caredoc OOHs service

And

- 2) To interview Caredoc nursing and ICT staff as appropriate to compliment the data extraction

has been reviewed.

I wish to inform you that you have been granted approval.

Please complete the attached **"Agreement for the release of data for specific research purposes"** form. If you have any queries please do not hesitate to contact me.

We would like to take this opportunity to wish you every success in your endeavour.

Dorcas Collier
Clinical / CIT Manager Caredoc

Agreement for the release of data for specific research purposes

The data obtained from Caredoc is anonymised as much as possible (patient demographic details removed). In the event, where any patient identifiable information is discovered, contact the Caredoc Research Supervisor (Michelle Kearns) immediately.

Once the research is complete all the raw data must be destroyed safely and securely. In the event of lost or stolen data, the Caredoc Research Supervisor must be notified immediately.

The findings of the study must be submitted to the Caredoc ethics committee. If the data is published or presented, the completed article or the presentation must be submitted to the Caredoc ethics committee for approval before publication or presentation. If this is not adhered to, the Caredoc ethics committee reserve the right to withdraw the data and any results obtained from the data.

In the event a publication arises from the data, Caredoc must be acknowledged as the source of the data.

Type of data given for research: Records given to Duncan Wallace, The Insight Centre for Data Analytics, UCD O'Brien Centre for Science, Belfield, Dublin 4 – Provided on encrypted USB key by registered post to above address. Data from Caredoc database is for 2014.
